

## Heatmap Analytics Tracking

There are two files which you need to put into your website, so that Burn ME can track

***First of all add this to your index.php file (Inside the head tag)***

```
<!-- jQuery -->  
  <script src="vendor/jquery/jquery.min.js"></script>  
  <script src="js/get-location.js"></script>
```

Download these two files and add them in your Js folder.
